Coastal Carolina University reserves the right to add or drop programs and courses, to change the calendar which has been published, and to institute new requirements when such changes appear desirable. Every effort will be made to minimize the inconvenience such changes might create for students. Suitable substitutions will be allowed for required courses which have been withdrawn.

(2009-2010)
8/09

Office of the President

Thank you for your interest in Coastal Carolina University. We are proud of our tradition of serving the academic needs of students and are happy that you are considering us as you continue your education.

Each year, more than 750 students transfer to Coastal Carolina University. We pledge to make the transfer process as hassle-free as possible. We are hopeful that your transition to the University is both enjoyable and successful.

Today, the University has more than 8,100 students and offers majors in 41 different programs. We believe you will find a program to fit your educational goals. We are also proud of the reasons why students come to Coastal Carolina University including:

- Nationally recognized academic programs in education, business and marine science and unique majors such as resort tourism, health promotion and musical theatre
- A scholarship program for transfer students – The Transfer Scholar Award
- Internet access in all residence hall rooms and wireless access in classroom buildings
- Special housing at University Place designated for upperclassmen and transfer students

I invite you to learn more about Coastal Carolina University by visiting our Web site at www.coastal.edu or by contacting me.

Good luck, and we hope to one day see you as part of the Coastal Carolina University family.

A handwritten signature in cursive script that reads "David A. DeCenzo".

David A. DeCenzo, Ph.D.
President

Baccalaureate Degree Programs of Study

Baccalaureate degrees are offered with majors in

BUSINESS ADMINISTRATION

Accounting

- CPA Track
- CMA / Finance Track

Economics

Finance

Management

Marketing

Resort Tourism Management

NOTE: The PGA Golf Management specialization is available for all majors in the Wall College of Business.

The Transfer Student and Admission

An applicant is considered a transfer student when he or she has attended another regionally accredited post-secondary institution in any capacity after completing high school.

To be considered for admission, the transfer applicant should have earned a minimum cumulative 2.0 GPA or a “C” average in at least two full-time semesters of course work (24 semester credits) or its equivalent from regionally accredited colleges. Applicants who have earned less than 24 semester credits or its equivalent must meet both transfer and freshman admission requirements. Freshman applicants age 22 or older are not required to submit SAT or ACT scores. (See *Coastal Carolina University Catalog* for complete freshman admission information.)

For admission to Coastal Carolina University from another institution, a transfer student must:

- Complete an application for admission and submit a nonrefundable application fee.
- Provide official copies of transcripts from all previously attended institutions directly to the Office of Admissions.
- Be academically eligible to return to the last institution attended as a degree candidate (e.g., not on academic or disciplinary suspension).

Decisions for admission are made after all official credentials are received.

Transfer Policy

Coastal Carolina University has adopted the following policy for determining transfer of academic credits from regionally accredited institutions:

1. A student transferring to Coastal Carolina University will submit all official transcripts to the Office of Admissions for evaluation.
2. Up to 76 transferable credits of college parallel courses may be accepted from one or more South Carolina technical colleges or regionally accredited two-year college transfer programs to be applicable toward a Coastal Carolina University degree.
3. Up to 90 transferable credits of college parallel courses may be accepted from one or more regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.
4. Prior to graduating from Coastal Carolina University and regardless of the point in the student’s academic career at which any student enters the University, the student must complete the last 30 semester hours while enrolled in classes at Coastal Carolina University or through sanctioned Coastal Carolina University academic exchange programs.
5. A minimum grade of “C” (e.g., C-, C or C+) in a course is required for transfer credit to be awarded for that course.
6. Credit for work completed at another institution by Coastal Carolina University students will not be accepted for transfer credit if the student has previously failed to earn the required grade in an equivalent course at Coastal Carolina University.

Transcript Evaluation

The Office of Admissions will complete a preliminary evaluation of transcripts to identify courses that can transfer for credit to Coastal Carolina University. An official list of those transferable credits is then forwarded to all accepted transfer students. Refer to

the list of approved courses for transfer in this guide (pages 51-60).

The department chair or adviser evaluates specific courses, as needed, and determines which course credits apply to that particular major.

For additional information on transcript evaluation, call the Office of Admissions at 1-800-277-7000 or the specific department contact listed on pages 13 and 14 of this guide. If a student later decides to change his/her major, a re-evaluation of applicable credits must be completed by the department chair of the new major.

Transfer Credit Restrictions

As a general rule, credits earned in courses that apply to one or more of the following categories are usually not acceptable for transfer credit:

- Courses that are occupational or technical in nature,
- Courses that are essentially remedial or
- Courses not recognized in that institution's catalog as part of its college parallel transfer program.

Exceptions to the above categories may be made only by the dean or designee of the college in which the student plans to enroll (major), by the dean or designee of the college that offers the course, or by the Interdisciplinary Studies Committee in specific cases where such courses are judged to be uniquely relevant to the student's degree program.

Certain degree programs do not recognize some transfer credit from two-year institutions for courses which are considered upper division or upper level courses at Coastal Carolina University. However, some degree programs will grant transfer credit for such courses as lower level electives or core curriculum requirements. **Each transfer student is encouraged to discuss the transfer of academic credits not listed in this guide with department contacts (see pages 13-14) or with his/her adviser, who is assigned by the dean of the student's major.** Students should be aware that changing their majors while at Coastal Carolina University will require a re-evaluation and approval of their transfer credits for application to their new majors.

Calculation of Coastal Carolina University Grade Point Average

Coastal Carolina University accepts the credit only for transfer, not the *grade* for grade point average (GPA) calculation. (A student's GPA is calculated on Coastal Carolina University courses only, except when a student graduates with honors. In this case, *all* collegiate work, including transfer grades, are calculated in the GPA.)

The GPA is calculated on the basis of all work in the student's career *at Coastal Carolina University*. All credits earned at other institutions and transferred to Coastal Carolina University may be used to satisfy program requirements but will not be calculated as a part of the GPA.

However, graduation with honors will be based on a collegiate GPA calculated on the basis of *all* work in the student's postsecondary career, including any courses attempted at other institutions, provided that the GPA achieved at Coastal Carolina University meets the level specified for the honors sought. This calculation will include all courses attempted, not just those submitted in fulfillment of graduation requirements.

The following designations indicate a consistently high level of academic achievement throughout the student's entire academic career. To graduate with such honors, a student must have earned at least 60 credit hours applicable toward the degree "in residence," meaning at Coastal Carolina University (which can include credits earned through sanctioned Coastal Carolina University academic exchange programs). Courses taken as a transient (visiting) student at other institutions, by correspondence, by examination (departmental or CLEP), by exemption, or earned through military credits are not considered "in residence."

- ▶ Summa Cum Laude: collegiate GPA of 4.0
- ▶ Magna Cum Laude: collegiate GPA of 3.75-3.99
- ▶ Cum Laude: collegiate GPA of 3.5-3.74

Academic Forgiveness

"Academic Forgiveness" for former Coastal Carolina University students means that a student's past failures are forgiven to allow him/her to resume a college career with a realistic possibility of completing a degree. The program allows the calculation of a GPA based on the student's performance in courses taken after being granted forgiveness. See the *Coastal Carolina University Catalog* for conditions to apply for academic forgiveness and circumstances following approval.

A student who has met the conditions must submit a written request to the dean of the student's major.

Core Curriculum

The purpose of the core curriculum is to provide an educational experience in the liberal arts tradition that encourages and supports free inquiry, critical thinking, effective communication, and creativity. Persons educated in the liberal arts will have the opportunity to explore and cultivate an understanding of the multiple aspects of human culture and the natural world. The core curriculum is designed to prepare students for a thoughtful and productive life by exposing them to the methods of inquiry and practice of the humanities, sciences and arts. Upon successful completion of the core, the students of Coastal Carolina University will develop the skills necessary to think clearly and logically, to gather and analyze information, and to express themselves effectively. As well rounded individuals, our students will possess the qualities needed to excel in their chosen fields of study and to live conscientious, responsible lives.

Goals, Student Learning Outcomes and Requirements

1. Knowledge of Effective Communication. Educated persons should have the ability to comprehend, analyze and critically evaluate language, and to express themselves clearly and effectively. Educated persons should be skilled in reading, writing and thinking critically. (6-9 credit hours)

Part A:

Student Learning Outcomes

1. Demonstrate the ability to comprehend and analyze language.
2. Demonstrate the ability to express oneself clearly and effectively.
3. Demonstrate the ability to comprehend, analyze and critically evaluate information.

ENGL 101 Composition (3)

And one of the following courses:

- ENGL 102 Composition and Literature (3)
- ENGL 211 Introduction to Technical and Professional Writing (3)

Students may exempt (without credit) ENGL 101 under the following conditions:

1. Report a score of 600 or higher on the SAT Writing Test
2. Report a score of 24 or higher on the ACT Writing Test

All students are required to complete either ENGL 102 or ENGL 211 with a “C” or better in order to fulfill this core goal.

Part B:

Three (3) additional credit hours shall be taken in a course for communicating in the disciplines. This course may, but does not have to be discipline specific, i.e., it may be communicating in the social sciences or communicating in the natural sciences. All courses with this designation will apply to this core requirement.

- BIOL 122/122L Biological Science II (4)
- CHEM 150 Communication in Physical Science (3)
- CSCI 130 Introduction to Computer Science (3)
- ENGL 102 Composition and Literature (3)
- ENGL 211 Introduction to Technical and Professional Writing (3)
- ENGR 101 Introduction to Engineering (3)
- HIST 250 Historical Research and Writing (3)
- MSCI 201 Scientific Communication (3)
- PHIL 271 Philosophical Writing (3)
- POLI 200 Communication in Political Science (3)
- PSYC 202 Introduction to Scientific Communication:
Psychological Perspectives (3)
- SOC 201 Sociological Analysis (3)
- THEA 149 Acting for Non-Majors (3)

2. Knowledge of Mathematical Concepts. Educated persons should have the ability to solve numerical problems, understand and apply mathematical concepts, and develop quantitative skills. An understanding of these concepts is fundamental for living in a complex society. (3-4 credit hours)

Student Learning Outcomes

1. Demonstrate knowledge of fundamental mathematical concepts.
2. Demonstrate the ability to use quantitative skills to solve problems.
3. Demonstrate the ability to understand and apply mathematical concepts.
4. Demonstrate the ability to use logical and abstract thought and reasoning for problem solving.

- MATH 139 Basic Concepts of Contemporary Mathematics (4)
- MATH 132 Calculus for Business and Social Science (3)
- MATH 160 Calculus I (4)
- MATH 201 Mathematics for Early Childhood & Elementary Educ. Majors I (3)
- STAT 201/201L (4), or CBAD 291 (3), or PSYC 225/225L (4)

Substitution for new transfer students entering Coastal Carolina University in 2008-2010: MATH 130, 131, 135 and PHIL 110 are included as approved courses for this core requirement.

3. Knowledge of Scientific Concepts. Educated persons should have the ability to identify, collect, interpret and evaluate scientific evidence and apply the basic laws of science to the natural world. These abilities provide a basis for understanding scientific concepts and the dynamic processes that shape and maintain the universe. (4 credit hours)

Student Learning Outcomes

1. Demonstrate knowledge of the basic laws of science.
2. Demonstrate the ability to identify scientific evidence.
3. Demonstrate the ability to collect scientific evidence.
4. Demonstrate the ability to interpret scientific evidence.
5. Demonstrate the ability to evaluate scientific evidence.

ASTR 101/101L	Conceptual Astronomy (4)
ASTR 111/111L	Descriptive Astronomy I (4)
BIOL 101/101L	The Science of Life (4)
BIOL 121/121L	Introductory Biology I (4)
BIOL 232/232L	Human Anatomy and Physiology (4)
CHEM 101/101L	Introductory Chemistry (4)
CHEM 111/111L	General Chemistry (4)
GEOL 102/102L	Environmental Geology (4)
GEOL 111/111L	Physical Geology (4)
MSCI 101/101L	The Sea (4)
MSCI 102/102L	Environmental Geology (4)
MSCI 111/111L	Introduction to Marine Science (4)
PHYS 103/103L	The Science of the Physical World (4)
PHYS 201/201L	General Physics (4)
PHYS 211/211L	Essentials of Physics I (4)

Substitution for new transfer students entering Coastal Carolina University in 2008-2010: ASTR 112 is included as an approved course for this core requirement.

4. Knowledge of Humanistic Concepts. Educated persons should gain the ability to recognize, interpret and evaluate humanistic thought and expression from a variety of viewpoints. This leads to an understanding of the philosophical, religious, literary, ethical, cultural and other humanistic concepts through which human beings interpret and judge themselves and their world. Students must take one course from two of the three disciplines represented. (6 credit hours)

Student Learning Outcomes

1. Demonstrate knowledge of the philosophical, religious, literary, ethical, cultural and other humanistic concepts through which educated people interpret and judge themselves and their world.
2. Demonstrate the ability to recognize varieties of humanistic thought and expression.
3. Demonstrate the ability to interpret varieties of humanistic thought and expression.
4. Demonstrate the ability to evaluate varieties of humanistic thought and expression.

ENGL 205	Literature and Culture (3)
ENGL 287	Major Writers of American Literature (3)
ENGL 288	Major Writers of British Literature (3)
HIST 101	Foundations of Western Civilization to 1648 (3)
HIST 102	Foundations of Western Civilization 1648 to present (3)
HIST 202	History of the United States Part II (3)

PHIL 101	Introduction to Philosophy (3)
PHIL 102	Introduction to Ethics (3)

5. Knowledge of the Cultures, Languages and Social Structures of Other

Countries of the World. Educated persons should gain a basic knowledge of the world and the ability to learn from the practice of other languages and cultures. This leads to an awareness and understanding of other world cultures and languages, which fosters diversity and helps promote global citizenship. (See Part A and Part B requirements identified below; 6-9 credit hours.)

Student Learning Outcomes

1. Demonstrate a basic knowledge of cultures and social structures of other countries of the world.
2. Demonstrate the ability to learn from the practice of other languages.
3. Demonstrate the ability to learn from the practice of other cultures.

Part A:

Foreign Language (3-6 credit hours)

Successful completion of three credit hours in a foreign language sequence at the 130 level or higher, or six credit hours of foreign language in sequence. Entry level for students continuing with a language will be determined by placement.

The Global Studies component of the Core Curriculum (Cultures, Languages, Social Structures - Park A - Foreign Languages) will be satisfied for international students who are non-native speakers of English with an acceptable TOEFL score, such that those affected will be required to complete (or transfer) additional elective courses to make up for the difference in credits toward graduation.

Part B:

Global Studies Awareness (May be satisfied through either Option 1 or Option 2.) (3 credit hours)

The Global Studies component of the Core Curriculum (Cultures, Languages, Social Structure, Park B - Global Studies Awareness) will be considered satisfied for any student who matriculates to Coastal Carolina University with a secondary degree completed at a high school outside the United States or for any student who transfers on-site international coursework to Coastal Carolina University. The three credits attributable to this core curriculum requirement will be fulfilled by general elective credits for the affected students.

1. Completion of an approved Study Abroad Course.
2. Completion of one of the following courses:

ECON 150	Global Issues in Economics
ENGL 277	Literature in Translation (3)
GEOG 121	World Regional Geography (3)
HIST 111	World History to 1500 (3)
HIST 112	World History from 1500 (3)
HONR 101	Honors Seminar: East meets West (3)
POLI 101	Introduction to World Politics (3)
RELG 103	World Religions (3)

Substitution for new transfer students entering Coastal Carolina University in 2008-2010: ECON 101 and POLI 102 are included as approved courses for this core requirement.

6. Knowledge of the Structure and Development of the United States.

Educated persons should become knowledgeable of the cultural and political heritage of the United States and its importance in contemporary events. An understanding of the basic frameworks of our society is crucial to civic responsibility and the responsibility/role of each individual within a diverse society. (3 credit hours)

Student Learning Outcomes

1. Demonstrate a basic knowledge of the cultural and political heritage of the United States and its importance in contemporary events.
2. Demonstrate an understanding of the basic frameworks of the United States government.

HIST 201 History of the United States Part I (3)

POLI 201 American National Government (3)

7. **Knowledge of Human Health and Behavior.** Educated persons should gain a basic knowledge and understanding of human behavior on the individual and societal levels to facilitate quality of life and improve community and societal environments. (3 credit hours)

Student Learning Outcomes

1. Demonstrate a basic knowledge and understanding of human health or behavior.
2. Demonstrate a basic knowledge and understanding of human behavior in societies.
3. Demonstrate an ability to apply knowledge of human health and behavior to improve community and societal environments.

ECON 110 Consumer Economics (3)

HPRO 121 Personal and Community Health (3)

EXSS 122 Lifetime Fitness and Physical Activity (3)

RSM 120 Leisure, Recreation and Wellness (3)

PSYC 101 Introduction to Psychology (3)

SOC 101 Introductory Sociology (3)

Substitution for new transfer students entering Coastal Carolina University in 2008-2010: SOC 102 is included as approved courses for this core requirement.

8. **Knowledge of Creative Expression.** Educated persons should have opportunities to experience and understand accomplishments in the arts. The arts are tangible results of a culture's highest aspirations. Students may fulfill this goal with a course from either Part A or Part B. (3 credit hours)

Part A:

Student Learning Outcomes

1. Demonstrate knowledge of forms of creative expression.
2. Demonstrate an understanding of accomplishments in the arts.
3. Experience forms of creative expression and accomplishments in the arts.

ARTH 105 History of Western Art I: Ancient to Medieval (3)

ARTH 106 History of Western Art II: Renaissance to Modern (3)

MUS 110 Introduction to Music (3)

THEA 101 Introduction to Theater (3)

THEA 201 World Performance Traditions (3)

Part B:

Student Learning Outcomes

1. Demonstrate an understanding of historical movements and professional

- practices as they relate to creative projects.
2. Understand and apply formal principles to creative production and aesthetic evaluation.
 3. Gain experience in the formation and implementation of the processes of creative production, including idea development, creative expression and responsive action.

ARTS 103 Fundamentals of Art I (3)

ARTS 104 Fundamentals of Art II (3)

ENGL 201 Introduction to Creative Writing (3)

Financial Aid, Scholarships and Veteran Affairs

Financial aid is available from several sources: scholarships, federal and state grants, loan programs, student employment and veteran benefits. Coastal Carolina University's Office of Financial Aid, located in Kingston Hall, will help identify programs that are right for students and advise them on application procedures and appropriate forms. For additional information, call 843-349-2313 or e-mail finaid@coastal.edu.

Graduation Requirements

It is recommended that students meet with their faculty advisers at least once each semester. In order to be eligible for graduation, students must meet all course requirements, meet all "in residence" requirements, meet all departmental or program requirements, meet all core curriculum requirements and have a cumulative GPA of at least 2.0 on all work attempted at Coastal Carolina University.

All course credit beyond 90 hours must be Coastal Carolina University courses completed "in residence" at the University, and at least 12 credits of the student's major courses and six (6) credits of cognate or minor courses must be earned at Coastal Carolina University. Some programs impose greater student residence and/or major and minor requirements. Consult the *Coastal Carolina University Catalog*.

A maximum of 90 transferable semester credit hours of college parallel courses may be accepted from one or more regionally accredited four-year colleges to be applicable towards a Coastal Carolina University degree.

A maximum of 76 transferable semester credit hours of college parallel courses may be accepted from one or more regionally accredited South Carolina technical colleges or two-year institutions to apply toward a Coastal Carolina University degree.

Regardless of when students enter the University, **they must complete the last 30 credit hours** before graduation enrolled in classes approved by the appropriate chair of the department from which the degree will be granted. All degree applicants are urged to confer with the chairs of their respective departments about their programs and degree requirements prior to the beginning of their last two semesters "in residence" at the University to ensure completion of all requirements.

Some departments have specific requirements for graduation as part of the department's other requirements. For example, art majors must submit portfolios for faculty review at the end of their sophomore year and also prepare to display their work in a senior art show. English majors must score a passing grade on the English assessment exam in addition to the English degree's other requirements.

Students are responsible for their individual academic program and for meeting the requirements of their major department and the University.

UNIVERSITY CONTACTS

Transfer Counselors

The following transfer counselors in the Office of Admissions can be contacted for more information:

- ▶ **Cynthia Johnston** • Associate Director for Transfer Recruitment
