Easing the Process for Transfer Students

Transfer Students with an Associate of Arts, Associate of Science, Bachelor of Arts, or Bachelor of Science

Transfer students accepted to Coastal Carolina University with an earned Associate of Arts, Associate of Science, Bachelor of Arts, or Bachelor of Science from a regionally accredited institution will have all Core Curriculum requirements waived. Transfer credits earned by the student may be applied to foundation, minor, cognate, or major requirements, or will be counted as electives. Course prerequisites and minimum credit requirements for the awarding of degrees will still apply.

Online Resources for Transfer Students

Students interested in transferring to Coastal Carolina University or taking classes during the summer session may now access two websites for transfer information. These websites offer students the ability to:

- Locate information related to transfer requirements (including application deadlines), the transfer of credits, and contact information for institutional transfer officers.
- Access transfer agreements that exist for the institution.
- Search for course equivalencies to determine how courses taken at one institution will transfer to Coastal Carolina University.

The first portal, collegetransfer.net, is a national portal and contains information for institutions across the United States. The second portal, sctrac.org, is designed specifically for South Carolina-based students. Both sites contain information on transferable courses and transfer agreements as well as acceptable CLEP, AP, and IB credits. The data contained on both sites is continually updated as new equivalencies are determined.

For a real-time database managed by CCU, go to webadvisor.coastal.edu, click on "Applicants," then click on "View Transfer Course Equivs." You will need your prior institutions CEEB code, which can be found at www.collegeboard.org. This course equivalency list is updated daily when official transcripts are received and reviewed; it is not a complete listing of all transferable courses from each institution.

The Transfer Student and Admission

An applicant is considered a transfer student when they have attended another regionally accredited post-secondary institution in any capacity after completing high school. To be considered for admission, the transfer applicant should have earned a minimum cumulative collegiate 2.0 GPA or a C-average in at least two full-time semesters of course work (24 transferable credits) or the equivalent from all regionally accredited colleges/universities attended. * Cumulative collegiate GPA will be based on transcripts and will not be recalculated. Transfer applicants who have earned fewer than 24 transferable credits or the equivalent must meet both transfer and freshman admission requirements, including submitting final official high school transcripts and official standardized test scores (SAT or ACT). Applicants age 22 or older are not required to submit SAT or ACT scores. (See the Coastal Carolina University Catalog or visit coastal.edu/admissions/freshman for complete freshman admission information.) For admission to Coastal Carolina University from another institution, a transfer student must:

- Complete an application for admission and submit a nonrefundable application fee.
- Provide official copies of transcripts from all previously attended institutions directly to the Office of Admissions and Merit Awards.

- Be academically eligible to return to the last institution attended as a degree candidate (i.e., not on academic or disciplinary suspension).

You must submit all required documentation before we can review your application for admission to the University.

*Transfer students who have earned an Associate of Arts or Associate of Science from a South Carolina Technical College will be academically guaranteed admission provided that they satisfy the nonacademic admissions review portion of the admissions application. An Associate in Applied Science and degrees from foreign institutions are not eligible for academic guaranteed admissions.

Transfer Policy

Coastal Carolina University has adopted the following policy for determining transfer of academic credits from regionally accredited institutions:

1. A student transferring to Coastal Carolina University will submit all official transcripts to the Office of Admissions and Merit Awards for evaluation.
2. Up to 76 transferable credits of college parallel courses may be accepted from a regionally accredited two-year college transfer program to be applicable toward a Coastal Carolina University degree.
3. Up to 90 transferable credits of college parallel courses may be accepted from regionally accredited four-year colleges or universities to be applicable toward a Coastal Carolina University degree.
4. A maximum of 30 credit hours may be applied toward a bachelor's degree from the combined sources of military credit and correspondence credit.
5. A minimum grade of C (e.g., C-, C, or C+) in a course is required for transfer credit to be awarded for that course.
6. Students cannot receive credit for a course taken at Coastal Carolina University if they have received transfer credit for an equivalent course taken previously at another institution. Transferred courses may be used to satisfy degree requirements subject to program approval. A student can never be awarded more transfer credit for a course than the original institution awarded.
7. Courses taken at another institution while under academic suspension may transfer to Coastal Carolina University in accordance with University transfer policies.
8. Academic coursework taken elsewhere – two-year schools, international credit, nonregionally accredited institutions, Association to Advance Collegiate Schools of Business (AACSB) – must be handled in the following ways.
 - a. Two-year schools: Certain degree programs do not recognize transfer credit from a two-year institution for courses which are considered upper-division or upper-level (300-400) courses at Coastal Carolina University.
 - b. Applicants who have attended post-secondary educational institutions, colleges or universities outside the United States are required to submit a professional credential evaluation of all postsecondary work completed including a course-by-course report, GPA calculation, and copies of original transcripts verified by credential evaluation service by an organization that is recognized by the U.S. Department of Education to conduct foreign credential evaluation and that is a member of NACES or AICE. These reports should be sent directly to the International Recruitment and Admissions at Coastal Carolina University. Detailed course descriptions from foreign colleges/universities must also be sent in English. Courses are evaluated in consultation with the dean of the college of the student's major and with the dean of each course in review.
 - c. Coastal Carolina University credit will not be awarded for coursework

- completed at a nonregionally accredited institution.
- d. Business-related transfer credits will be awarded as departmental electives for upper-division or upper-level coursework from a regionally accredited four-year university or college that is not accredited by the Association to Advance Collegiate Schools of Business (AACSB).
9. Repeated coursework, including repeat forgiveness for individual courses or academic forgiveness/bankruptcy will be evaluated based on the policy of the applicant's prior or home institution.
 10. All courses completed at a regionally accredited institution will be evaluated for transfer regardless of the applicant's academic standing at the applicant's prior or home institution.
 11. Coursework with nonstandard grades (withdrawal, withdrawal failing, repeated course, etc.) will be evaluated based on the transcript key and institutional policy of the applicant's prior or home institution.

Transcript Evaluation

The Office of Admissions and Merit Awards will complete an initial evaluation of transcripts to identify courses that can transfer for credit to Coastal Carolina University. An official list of those transferable credits is then mailed to each accepted transfer student. Refer to the list of approved courses for transfer in this guide.

The department chair or academic advisor evaluates specific courses, as needed, and determines which course credits apply to that particular major.

For additional information on transcript evaluation, call the Office of Admissions and Merit Awards at 800-277-7000. If a student later decides to change his/her major, a re-evaluation of applicable credits must be completed by the department chair of the new major.

As a general rule, credits earned in courses that apply to one or more of the following categories are usually not acceptable for transfer credit:

- Courses that are occupational or technical in nature.
- Courses that are essentially remedial.
- Courses not recognized in that institution's catalog as part of its college parallel transfer program.

Exceptions to the above categories may be made only by the dean or designee of the college in which the student plans to enroll (major), by the dean or designee of the college that offers the course, or by the Interdisciplinary Studies Committee in specific cases where such courses are judged to be uniquely relevant to the student's degree program.

Certain degree programs do not recognize some transfer credits from two-year institutions for courses that are considered upper-division or upper-level courses at Coastal Carolina University. However, some degree programs will grant transfer credit for such courses as lower-level electives or Core Curriculum requirements. **Each transfer student should discuss the transfer of academic credits not listed in this guide with the academic advisor assigned by the dean of the student's major.** Students should be aware that changing majors while at Coastal Carolina University will require a re-evaluation and approval of the transfer credits for application to the new majors.

Calculation of Coastal Carolina University Grade Point Average

Coastal Carolina University accepts the credit only for transfer, not the *grade* for grade point average (GPA) calculation. (A student's GPA is calculated on Coastal Carolina University courses only.)

The GPA is calculated on the basis of all work in the student's career **at Coastal Carolina University**. All credits earned at other institutions and transferred to Coastal Carolina University may be used to satisfy program requirements but will not be calculated as a part of the GPA.

In-Residence Coursework Requirements

To be eligible to receive a degree from Coastal Carolina University, a student must earn a minimum of 25 percent of the degree program's requirements "in residence" at the University, including 12 credit hours of the student's major courses and six credit hours of minor courses offered by CCU. Some programs impose higher student residence and/or major requirements. Credits earned through transfer credit do not meet "in-residence" requirements (except in the case of credits earned through sanctioned Coastal academic exchange programs). In addition, courses taken by examination (departmental or CLEP), by correspondence, or credits can be earned through educational experiences in the military that do not meet "in-residence" requirements. All degree applicants are urged to confer with the chairs of their respective departments about their programs and degree requirements prior to the beginning of their last semester of residence at the University.

Students are responsible for their individual academic programs and for meeting the requirements of their major department and the University.

Core Curriculum (38 to 40 credits)

The purpose of the Core Curriculum is to provide an educational experience in the liberal arts tradition that encourages and supports free inquiry, critical thinking, effective communication, and creativity. Persons educated in the liberal arts will have the opportunity to explore and cultivate an understanding of the multiple aspects of human culture and the natural world.

Upon successful completion of the Core Curriculum, students will develop the skills necessary to think clearly and logically, gather and analyze information, and express themselves effectively. As well-rounded individuals, our students will possess the qualities to excel in their chosen fields of study and to live conscientious, responsible lives.

The complete list of Core Curriculum courses is also located in the Undergraduate Catalog. These courses can change without notice. Please visit the University catalog for the updated course list: catalog.coastal.edu.

Admission to the Marine Science Degree Program

Transfer Students

Prior to being admitted to the Department of Marine Science as a degree candidate, a transfer student must meet the general admissions requirements and complete one of the following:

1. A score of 510 or higher (exams taken after March 2016) or 470 or higher (exams taken prior to March 2016) on the math subtest of the SAT exam or a score of 20 or higher on the math subtest of the ACT exam. Students may retake the SAT or ACT and submit new scores for consideration.

OR

2. Completion of Math 130 or Math 130I (college algebra) or a higher-level math course with a grade of at least C from a regionally accredited college or university. Students will be placed into mathematics courses based on college-level courses completed or based on high school GPA and SAT math subtest scores, if applicable.

Students who meet general admissions requirements but do not satisfy requirements for admission as a degree-seeking marine science major will be admitted as a marine science pre-major. A student classified as a marine science pre-major is not eligible for the Academic Common Market (see coastal.edu/acm). Only students who are fully admitted into the major are eligible to apply for consideration of this designation.

Admission to the Intelligence and National Security Studies Program

Prior to being admitted to the Department of Politics as an intelligence and national security studies degree candidate, a transfer student must meet the general admissions requirements and must meet one of the following requirements:

1. A minimum score of 1120 or higher on the SAT (exams taken after March 2016) or 1040 or higher on the SAT (exams taken prior to March 2016) or a minimum score of 22 on the ACT exam and a minimum cumulative high school GPA of 3.5 or higher.

OR

2. Complete INTEL 200 with a grade of B or higher from a regionally accredited college or university. Students who do not earn a grade of B or higher may repeat INTEL 200 only one time.

Students who meet these requirements may be admitted into the full degree program prior to enrollment.

Students who meet general admissions requirements but do not satisfy requirements for admission as a degree-seeking intelligence and national security studies major will be admitted as an intelligence and national security studies pre-major. A student classified as a pre-major is not eligible for the Academic Common Market (see coastal.edu/acm). Only students who are fully admitted into the major are eligible to apply for consideration of this designation.
